Please include Financial Project ID Number 412994-4 and your Firm Name in the subject line of your e-mail response to this ad. All public meetings will be held at the District Office located at 719 South Woodland Boulevard, Deland, Florida 32720. Any additional and subsequent public meeting notices will be posted in the lobby of the District Office.

It is the Department's intention to group projects to achieve economic efficiency through shared use of CEI personnel, facilities, equipment and other resources across multiple projects. If additional projects related to the Central Florida Commuter Rail Transit not listed under the "FM numbers" are let within Orange, Seminole, Osceola and Volusia counties between June 2009 and July 2013, the Department may, at its sole discretion assign any required CEI services for those projects to the contract resulting from this advertisement. The Department encourages the utilization of subconsultants to accomplish this work effort.

The Letter of Response shall include an organizational chart

of the proposed staff for this contract. The Department of Transportation has an overall eight point one percent (8.1%) race-neutral DBE goal. This means that the State's goal is to spend at least 8.1% of the dollars with Certified DBE's as prime Design/Build Firms or as subcontractors. Race-neutral means that the Department believes that the 8.1% overall goal can be achieved through the normal competitive procurement process. The Department has reviewed this project and assigned a DBE availability goal of 8.1%. Although not a contract requirement, the Department believes that this DBE percentage can realistically be achieved on this project based on the number of DBE's associated with the different types of work that will be required.

Under 49 Code of Federal Regulations Part 26, if the 8.1% goal is not achieved, the Department may be required to return to a race-conscious program where goals are imposed on individual contracts. The Department encourages all of our Firms to actively pursue the use of Certified DBE firms on this project.

This CEI contract is contingent upon execution of all the CSX agreements, (issuance of the Design Build Notice to Proceed for Construction); approval of the Full Funding Grant Agreement from the Federal Transit Administration; and approval of budget and appropriation of funds by the Florida Legislature and Governor.
